Chiang Kai-shek Jinsui Military's Contribution to Formulating the Civil-Economic Construction Movement

Yang Jun

Abstract: The Civil-Economic Construction Movement was the most important economic revival movement during the period of the Civil Government. The preliminary platforms was formulated by Chiang Kai-shek himself referencing Jinsui Military's experience and advice about economic constructing after visiting Shanxi by himself and through Xu Qingfu, Wen Wenhao and Ding Wenjiang. During the entire process, the central government, the local forces and the academics had shown us the importance of unity and cooperation for economic constructing. When we are constructing our economic nowadays, this situation can be used for reference.

Keywords: the Civil-Economic Construction Movement Chiang Kai-shek Yan Xishan Xu Yongchang Wen Wenhao
