## Legal Regulation about Officials Administrative Omission in Ancient China

Xie Shuye Ai Yongming

**Abstract:** Administrative officials not included dereliction of duty as an important part of its implementation of strict legal regulation in ancient China. Legal and administrative officials in ancient China is not as clearly defined, developed a series of performance for a variety of corresponding provisions, and with strict deadline system makes investigate officials as having no clear basis, officials of the executive will not as included in the assessment of the important content. Legal regulation of officials of the executive omission produces a better effect in practice in ancient China, so it has some reference value for our legal system construction.

**Keywords:** ancient China; administrative omission; legal regulation; laws of the Tang Dynasty; sanction rules of the Qing Dynasty
